Guidelines

Each applicant must be a NRBA church member currently participating in the church's outreach ministry.

The mission trip must be in cooperation with the Baptist State Convention of North Carolina, North American Mission Board, or International Mission Board and must be approved by the church.

Each applicant is eligible to receive funds based on the number of team members applying, mission trips per church, and the availability of funds.

The Missions Development Council will announce application deadlines and process the applications.

The mission team leader will be asked to present a brief summary report of the trip to the association in order to encourage volunteer mission trips and to promote the collection of funds for the scholarship program.

I pledge to follow these guidelines and use this money in God's work for the spreading of the gospel.
